The film is set in an alternate history and follows Akihiro Iwata, a former high school student who leaves Tokyo for Los Angeles. There he starts a new life with his younger half-brother Miyako Iwata, a young actress in the Los Angeles entertainment industry. As Akihiro and Miyako start a family, a new threat begins to threaten both of their lives. Akihiro and Miyako begin to discover a secret society that has ties both ways and seeks revenge for what they once considered the fault of humanity. The movie follows the events of the original 1984 film, but it also incorporates all the events of the novel and all of the added and deleted sequences from the movie. The film was produced under the studio's own contract. Download DVDRIP here...
