Sadly there isn't very much we can do about this as it's a hardware limitation Hi, please how I can find my s4 serial number without having the s4 cuz I lost my s4 and I need the serial number to find it, is there any way to find it online or throw my Samsung account, please kindly answer me.. This is probably because Samsung locks down various apps by the TV model number, as model numbers in the UK are different to those in Canada and elsewhere.
